HOVENSA/St. Croix, USVI: CASD representatives (Nidal Azzam and Carol Stein) traveled to St Croix on February 5-8, 2018. The purpose of the visit was three-fold:

- (1) To meet with the USVI DPNR to obtain initial feedback regarding proposed corrective action goals (the meeting was successful, and a separate meeting summary will be prepared);
- (2) To meet with the HOVENSA ERT in order to (i) review the proposed presentation for the public meeting on the landfarm closure/post-closure plan, (ii) observe specific areas under the corrective action program; (iii) at the ERT's request, discuss additional potential hurricane budget items, and (iv) the overall permit strategy going forward; and
- (3) To attend the public meeting on the closure/ post-closure plan for Landfarms 2 and 3 on February 7. Attendees included EPA, DPNR (Syed Syedali), the HOVENSA ERT (Roberto Puga and Carey Guilbeau) and the ERT's field contractors. DPNR asked several questions regarding the relative protectiveness of the closed landfarms and future land use. The public comment period ends March 24, 2018.
